

## CAFFEINE-FREE CRANBERRY-GRAPE BLAST

### Flavor Profile

Sweeten your day with a refreshing burst of caffeine-free vine-ripened grape and sweet tart cranberry. Like our popular original, you get the same huge taste, premium quality and the same B vitamin boost. So what's the difference? We've removed the caffeine and added Vitamin C to kick your immune system into high gear. So now you can have your vitamins and drink them too. And what could be sweeter than that?
